

To whom this may concern!

My name is Ronnie Sangchan of 320 West Ward Avenue, of Ridgecrest, Ca. I am concerned with an issue regarding my favorite and only radio station I listen too(Air 1 89.7 FM). Air 1 inspires me everyday, all day. I couldn't make it through the day without it. It helps me cope with each and every day with the songs and prayers of Jesus Christ.

Without it, I would be lost in life. I would be out on the streets getting in trouble or possibly losing my life over something that should have never happened. With Air 1, I am able to praise my lord and savior, Jesus Christ every day, every morning, every night. He is what keeps me motivated to make it through all the hard times and lets me know how to deal with lifes problems.

As a resident, Air 1 does a great service in my community. I have seen and noticed the impact in many peoples lives in our local community. I have also heard many trials in life that people may have and have shared on Air 1. The great and amazing stories that have come from Air 1 speak for themselves. Many people like myself, need Air 1 to continue their relationship with God and to make their relationship stronger with him. If you were or are a religous person or even a Christian, would you want your choice in life to be discriminated.

If there is any religion that is more discriminated, it is Christianity. Every day they are slowly taking Christian rights away. The only thing that we have is the right to be a proud Christian and to not turn our heads away from our lord and savior, Jesus Christ. (WWJD)"What would Jesus do?" What will you do? The effect on the local community would be disasterous if Air 1 would be displaced by a LPFM broadcaster providing other programming.

The service that Air 1 provides to the public is extrodinary. It changes lives BIG TIME! Everyday Air 1 has changed someones life. Either by saving them physically or spirtitually. It's a huge impact in my eyes and in God's eyes. They provide God's word! They are doing God's work! What kind of world would this be if you were ashamed to let people know that you love the man that sacrificed his life for you? He died on the cross for you. Don't forget were you come from! God Blessed America!
